

2 DAYS. 2 COUNTRIES. 1 MISSION.

Throughout the world, 1.6 billion people live in inadequate shelter – in dirt-floor houses made of scrap wood, tarps, and trash. 1MISSION's Bikes Fight Poverty two-day cycling event launched out of a desire to increase awareness of this poverty so close to home, and to raise funds for those fighting it. Grow your brand – and your business – by showing that you care not only about your clients, but also for the world around you.

1MISSION is a community development organization giving people in poverty the opportunity to earn a house by serving their community. A 501(c)(3) nonprofit with offices in Phoenix, 1MISSION has programs in Mexico, El Salvador, and Nicaragua. Since 2008, more than 630 families have earned safe, secure homes by serving a combined 100,000+ hours through initiatives like community gardens, health programs, and job skills training. Thanks to a committed group of individuals and institutions that cover U.S. operating costs, 100% of public donations go directly to projects and programs in the field, ensuring even greater impact in the communities we serve.
